

SBOE-Approved
Math Support for Every Learner

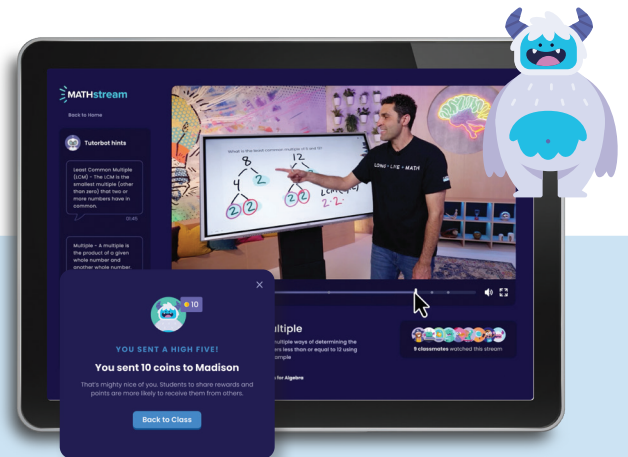

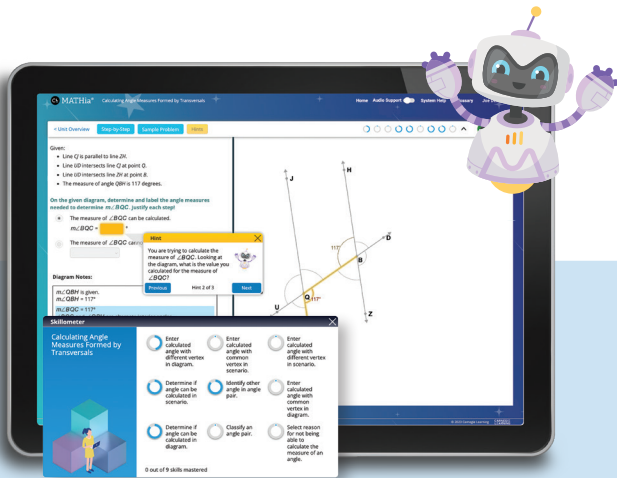

The Power of MATHia[®] + MATHstream[™]

Making Math a Gateway to Success

Secondary math students have more diverse learning needs than ever before—so how can teachers personalize instruction for any student in the class at any time?

Enter MATHia + MATHstream, a powerhouse duo of personalized online instruction and adaptive, interactive videos for grades 6–12. These award-winning supplemental tools equip teachers with everything they need to ensure every student achieves on-grade-level success with any core curriculum.

MATHia

MATHstream

MATHia is a personalized learning software that uses AI to adapt to each student's learning needs. It offers meaningful feedback and targeted practice to help them master mathematical concepts. MATHia's data-driven approach enables teachers to monitor progress and adjust instruction accordingly, ensuring that every student can achieve their full potential in mathematics.

MATHstream is an adaptive, interactive video streaming program in which certified teachers deliver targeted instruction in an engaging environment. Dynamic video lessons build student confidence and foster a love for math. With individualized instructional pathways, MATHstream adjusts in real time to meet each student's needs, helping them achieve mastery.

Ideal for intervention, acceleration, and ensuring readiness for upcoming grade-level topics.

Algebra Readiness for All

Algebra I is the gateway to secondary math success. MATHia + MATHstream have all the content you need to ensure students have the prerequisite skills for success in Algebra I.

More MATHia = Better Outcomes

The EMERALDS Study found that completing more MATHia workspaces in middle school led to better performance in Algebra I. Students with low test scores saw an even stronger correlation between MATHia workspaces and Algebra I success.

By combining MATHia + MATHstream,
teachers have all the tools they need to
meet students where they are.*

In-Depth Insights Without the Hassle

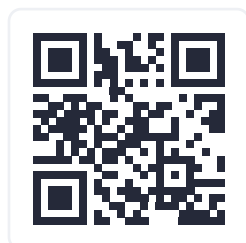

Get assessment-level insight without administering a test. MATHia + MATHstream reports provide real-time student performance data and help teachers run their classrooms as efficiently as possible.

“The kids blew our expectations out of the water! They ALL passed the Algebra 1 STAAR. One hundred percent of the students in the first-semester pilot group passed the Algebra 1 STAAR on their first try.”

-Administrator, Aldine ISD

Empower Teachers of All Experience Levels

Even new teachers and those without experience teaching math can help students succeed. MATHstream features certified math instructors, and MATHia's advanced AI acts as a personal math coach for each student.

Hear from a teacher and students who are experiencing unparalleled success with MATHia + MATHstream.
